New Zman Starting!

Shesulim is an innovative new learning program that was launched during Coronavirus in BMG. This online chaburah allows people to prepare for the chaburah with their chavrusa on their own schedule, using clear and organized maareh mekomos. This learning style delves deeply into the sugya, with yeshiva-style learning.

The Rosh Chaburah is active and involved, answering questions for participants and available to talk in learning with chaburah members. This is an innovative new way to conduct learning, bringing the Yeshiva directly into your home. Gain the benefits of being in a chaburah but from anywhere.
